SMART CONFIGURABLE SOFTWARE

Today's agenda

eOne Extender for Dynamics GP

- What is Extender?
- See Extender in action
- Pricing and resources
- Q&A

What is Extender?

eOne Extender for Dynamics GP

- Build new screens in GP with the formatting you need
- Store data that currently doesn't have a location in GP
- Report on that data using SmartList, Report Writer or SQL Views
- Add logic to GP (Enterprise only)
- Use as a Data Source or Destination with SmartConnect

Extender Window vs Form

eOne Extender for Dynamics GP

- Extender Window
 - Attached to a Microsoft Dynamics GP window
 - Only accessed from Microsoft Dynamics GP window
- Extender Form
 - Independent of any data in Microsoft Dynamics GP
 - Accessed from an Extender Menu added to GP

Demo – See Extender in action
